## Consideration of Approval – 2020 BCC 06 – A Resolution Supporting The Designation Of The Ports-To-Plains And A Portion Of The Heartland Expressway Corridors As A Future Interstate In Colorado

### MORGAN COUNTY, COLORADO BOARD OF COUNTY COMMISSIONERS

#### RESOLUTION 2020 BCC 06

#### **A RESOLUTION SUPPORTING THE DESIGNATION OF THE PORTS-TO-PLAINS AND A PORTION OF THE HEARTLAND EXPRESSWAY CORRIDORS AS A FUTURE INTERSTATE IN COLORADO**

**WHEREAS**, Congress has already designated the Ports-to-Plains and Heartland Expressway Corridors in Colorado as High Priority Corridors on the National Highway System; and

**WHEREAS**, the Ports-to-Plains corridor in Colorado has been developed as a Super-2 profile and is already in need of expansion as indicated by the identified need of passing lanes for safety; and

**WHEREAS**, the U.S. 287 portion of the Ports-to-Plains Corridor between the Colorado / Oklahoma border and Limon has seen an over 49% increase in daily traffic counts, including almost 62% increase in daily truck counts, between 1999 and 2018; and

**WHEREAS**, on an average trucks account for 47.55% of the total daily traffic but portions are as high as 59% trucks; and

**WHEREAS**, the Heartland Expressway corridor in Colorado has seen little in the way of improvements since designation by Congress; and

**WHEREAS**, the Highway 71 Freight Truck Diversion Study, being completed by the Colorado Department of Transportation, is indicating that the Heartland Expressway, Colorado Highway 71, can potentially divert between 8% and 10% of freight traffic from Interstate 25 using only increased speed on Highway 71 and a Front Range congestion factor; and

**WHEREAS**, House Bill 1079 was passed by the Texas Legislature and signed by Texas Governor Greg Abbott directing the Texas Department of Transportation to conduct a comprehensive study of the Ports-to-Plains Corridor study evaluating the feasibility of, and the costs and logistical matters associated with, improvements that create a four-lane divided highway which meets interstate highway standards to the extent possible; and

**WHEREAS**, New Mexico Governor and Transportation Cabinet Secretary are evaluating future interstate designation for its portion of the Ports-to-Plains Corridor across northern New Mexico; and

**WHEREAS**, a future interstate across northern New Mexico would connect to Interstate 25; and

**WHEREAS**, a future Interstate designation would be a significant new economic development tool for communities along these corridors. Site selectors for manufacturers, warehousing and distribution recommend sites along an interstate highway and travel services businesses such as hotels, truck stops, convenience stores and restaurants, which can have a dramatic impact on small communities will also expand; and

**WHEREAS**, a future interstate would connect Colorado to major Texas population and economic centers including Amarillo, Lubbock, San Angelo, Laredo, Dallas-Fort Worth, Austin and Houston in addition to numerous smaller communities; and

**WHEREAS**, the 2015 Colorado Freight Plan, updated in 2017, indicated that Dallas, TX was one of the leading Colorado trading partners in value of trade and are expected to remain significant trading partners in the future; and

**WHEREAS**, access to the largest inland port in the United States in Laredo, Texas is improved through the future development of an interstate; and

**WHEREAS**, in 2017, 82.6% of Colorado trade with Mexico passed through border crossings along the Ports-to-Plains Corridor including Laredo, Eagle Pass and Del Rio; and

**WHEREAS**, travel on the nation's Interstate Highways is about twice as safe as travel on all other roadways. Given the large energy-related and agriculture-related trucks using this corridor, and the mix of personal, tourist, and truck traffic, safety will be greatly improved by the extension of the interstate. Fatalities and injuries will be reduced; and

**WHEREAS**, while designation as a future interstate is the first step in a very long process before the completion of an interstate highway, that does not lessen the importance designating an interstate.

**WHEREAS**, Morgan County Board of County Commissioners asserts its legal standing as outlined but not limited to Resolution 2010 BCC 17 and formally requests coordination status with all federal and state agencies that are involved or will be involved with the Ports to Plains project within or impacting Morgan County. This is pursuant to all applicable federal and state statutes, regulations, or binding legal decisions.

# COMMISSIONERS PROCEEDINGS 3

**NOW THEREFORE, BE IT RESOLVED BY THE COUNTY COMMISSIONERS OF MORGAN COUNTY, COLORADO**

**Section I.** That the Board of Morgan County Commissioners supports the designation of the existing Ports-to-Plains and the portion of the Heartland Expressway between Interstate 70 and Interstate 76 as a Future Interstate by Congress and urges the Colorado Congressional delegation, the governor, the Colorado legislature and the Colorado Department of Transportation to support such designation.

**Section 2.** This resolution to be in full force and effect from and after its passage and approval.

**Section 3.** If any portion or provision of this resolution shall for any reason be held to be invalid or unenforceable, the invalidity or unenforceability of such portion or provision shall not affect any of the remaining provisions of this Resolution, the intention being that the same are severable.

Commissioner Becker presented to the Board Resolution 2020 BCC 06 a Resolution Supporting The Designation Of The Ports-To-Plains And A Portion Of The Heartland Expressway Corridors As A Future Interstate In Colorado. Commissioner Becker feels this language covers all the areas that need to be reflected and this paragraph solves the concerns surrounding the coordination portion.

Commissioner Becker made the motion to approve Resolution 2020 BCC 06 a Resolution Supporting The Designation Of The Ports-To-Plains And A Portion Of The Heartland Expressway Corridors As A Future Interstate In Colorado as presented.
