RESOLUTION 2024 BCC 37

**A RESOLUTION GRANTING A USE BY SPECIAL REVIEW PERMIT
FOR THE PROPERTY DESCRIBED AS LOT 2, WALKER MINOR
SUBDIVISION IN THE W $\frac{1}{2}$ NW $\frac{1}{4}$ OF SECTION 3, TOWNSHIP 3 NORTH,
RANGE 58 WEST OF THE 6TH P.M., MORGAN COUNTY, COLORADO**

WHEREAS, Dwayne and Diana Malone (the “Owners”) own property described as Lot 2, Walker Minor Subdivision in the W $\frac{1}{2}$ NW $\frac{1}{4}$ of Section 3, Township 3 North, Range 58 West of the 6th P.M., Morgan County, Colorado and addressed as 17540 County Road 15, Fort Morgan, Colorado (the “Property”);

WHEREAS, the Owners applied for a special use permit to allow a second residence on a lot in the Commercials Zone (“Application”);

WHEREAS, on August 12, 2024, the Morgan County Planning Commission held a duly noticed public hearing on the Application;

WHEREAS, during the public hearing, the Planning Commission received testimony and evidence from the Applicants, Morgan County staff, and the public and recommended approval;

WHEREAS, on August 13, 2024, the Board of County Commissioners (“Board”) held a duly noticed public hearing on the Application;

WHEREAS, during the public hearing, the Board received testimony and evidence from the Applicants, Morgan County staff, and the public; and

WHEREAS, the Board desires to approve the Application.

NOW THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF MORGAN COUNTY, COLORADO:

1. FINDINGS OF FACT

The Board, having reviewed the application, all information provided, and testimony heard, finds that:

- a. The use and its location as proposed are in conformance with the Morgan County Comprehensive Plan. Specifically, the preservation of agricultural production land is encouraged to ensure continuation of this important industry. For many years, this specific area along Highway 34 has been used as residential property. This proposed

second residence will not impact current agricultural production and therefore preserve the agricultural economic base historically attributed to the area.

- b. The Application and associated documents are complete and present a clear picture of how the use is to be arranged on the site.
- c. The requirement of a special use plan map was waived by the Planning Administer. The site plan provided included sufficient information for the proposed use.
- d. All on and off-site impacts have been satisfactorily mitigated either through agreement, public improvement, site plan requirements or other mitigation measures. There is an existing access easement to the property from County Road 15.
- e. The special use proposed has been made compatible with the surrounding uses and adequately buffered as determined by the County. The adjacent properties are all being used as residential purposes except to the south across Highway 34 the property is farm ground.
- f. The special use poses no risk to the public health, safety, and welfare.
- g. The special use proposed is located on a conforming parcel.
- h. The applicant has adequately documented a public need for the project. The applicant has submitted all pertinent technical information, has demonstrated that it has adequate financial resources to implement the project, and has paid all County fees and review costs.
- i. The special use proposed will use Morgan County Quality Water.

2. GENERAL PROVISIONS.

- a. The Board of County Commissioners retains continuing jurisdiction over this Permit to ensure compliance with this Permit and the Morgan County Zoning Regulations. County Representatives are authorized to inspect the Property at any reasonable time upon notice to the Applicant. This approval is conditioned on compliance with all information and representations contained in the Application and presented by the Owners, which are incorporated into this Permit. If any representations or information presented by the Owners during the public hearing or the Application are found to be erroneous, lacking a factual basis or otherwise inaccurate, the County may institute enforcement proceedings to address such representations or information and require the Owners to take measures to correct such representations or information. The County, subject to notice and hearing, may amend, add, or remove any conditions on this Permit or exercise any action provided for in the Morgan County Zoning Regulations.

- b. The Owners shall comply with all governmental and regulatory agency requirements and permits, including without limitation those promulgated for the protection of health, safety, and welfare of the inhabitants of Morgan County. Such compliance shall include without limitation compliance with the regulations of the Colorado Department of Public Health and Environment, the Colorado Department of Agriculture, and the United States Environmental Protection Agency.
- c. The Owners shall comply with all requirements, conditions and design standards set forth herein. Noncompliance shall be grounds for revocation of this permit by the Morgan County Board of Commissioners after notice and hearing.

NOW THEREFORE BE IT RESOLVED by the Morgan County Board of County Commissioners as follows:

Natural medicine does not mean a synthetic or synthetic analog of these substances including a derivative of a naturally occurring compound of natural medicine that is produced using chemical synthesis, chemical modification, or chemical conversion.
- (B) Natural medicine business means any of the following entities licensed pursuant to the Colorado Natural Medicine Code and as defined under state law: a natural medicine

healing center, a natural medicine cultivation facility, a natural medicine products manufacturer, or a natural medicine testing facility.

- (C) Natural medicine services mean a preparation session, administration session, and integration session provided pursuant to Title 12, Article 170, C.R.S.
- (D) Participant means an individual who is twenty-one (21) years of age or older who receives natural medicine services prescribed by and under the supervision of a facilitator, as provided by the Colorado Natural Medicine Code.

- (B) In addition to the submittal requirements in Section 2-440, the following items shall be submitted with the application for a special use permit for a natural medicine business:
 - (1) The applicant is, or will be, entitled to possession of the premises for which application is made under a lease, rental agreement, or other arrangement for possession of the premises or by virtue of ownership of the premises.
 - (2) A site map that shows the location of any existing childcare center; preschool; elementary, middle, junior, or high school; or a residential child care facility within one thousand five hundred (1,500) feet of the building proposed to be the licensed premises for the natural medicine services.
 - (3) Plans to comply with the requirements in subsections (C) through (I) below.
- (C) Restrictions on new permits
 - (1) No natural medicine business that provides natural medicine services shall operate out of a building that is within one thousand (1,000) feet of a child care center; preschool; elementary, middle, junior, or high school; or a residential child care facility. The provisions of this section only apply to application for a new special use permit. These distance restrictions do not apply to licensed premises located or to be located on land owned by a municipality or apply to a license in effect and actively doing business before the school or facility was constructed.
 - (2) The distances established in this subsection must be computed by direct measurement from the nearest property line of the land used for a school or facility to the nearest portion of the building in which natural medicine services are provided, using a route of direct pedestrian access.
- (D) Hours of operation – natural medicine services.

Natural medicine healing centers and natural medicine businesses that provide natural medicine services shall only operate between the hours of 8:00 a.m. to 5:00 p.m., Monday through Friday.

(E) Public view of natural medicine businesses.

(F) Lighting of natural medicine businesses.

Primary entrances, parking lots and exterior walkways must be clearly illuminated with downward facing security lights to provide after-dark visibility for facilitators, participants, and employees.

(G) Storage of natural medicine businesses.

All storage for natural medicine businesses shall be located within a permanent building and may not be located within a trailer, tent, motor vehicle, or any other temporary structure.

(H) Odor from natural medicine businesses.

Natural medicine businesses shall use an air filtration and ventilation system designed to ensure that the odors from natural medicine and natural medicine products are confined to the premises and are not detectable beyond the property boundaries on which the facility is located.

(I) Natural medicine businesses secure disposal.

Natural medicine businesses shall provide secure disposal of natural medicine and natural medicine product remnants or by-products. Natural medicine and natural medicine product remnants or by-products shall not be placed within the facilities' exterior refuse container.

(J) Processing of natural medicine.

(1) The processing of natural medicine that includes the use of hazardous materials, including, without limitation, and by way of example, flammable and combustible liquids, carbon dioxide, and liquified petroleum gases, such as butane, is prohibited.

(2) Nonhazardous materials used to process natural medicine shall be stored in a manner so as to mitigate and ensure odors are not detectable beyond the property

boundaries on which the processing facility is located, or the exterior walls of the processing facility associated with the processing of natural medicine.

- (3) The processing of natural medicine shall meet all of the requirements of all adopted water and sewer regulations promulgated by the applicable water and sewer provider.

(K) Nuisance

It is unlawful to dispose of, discharge out of or from, or permit to flow from any facility associated with natural medicine, any foul or noxious liquid or substance of any kind whatsoever, including, without limitation, by-products of the natural medicine process, into or upon any adjacent ground or lot, into any road, street, alley or public place.

POSSESSORY INTERESTS

§39-1-107 (4) The property tax on a possessory interest in real or personal property that is exempt from taxation under this article shall be assessed to the holder of the possessory interest and collected in the same manner as property taxes assessed to owners of real or personal property; except that such property tax shall not become a lien against the property. When due, the property tax shall be a debt due from the holder of the possessory interest to the board of county commissioners for the county in which such property is located or to such other body as is authorized by law to levy property taxes, and shall be recoverable by such board or body by direct action in debt on behalf of each governmental entity for which a property tax levy has been made.

(I) Finds that the improvements may be moved, dissipated, or distributed;

(II) Determines that the taxes may be uncollectible;

(III) Sets forth the reasons for such finding and determination in writing and either serves such writing upon the owner of such improvements or, if the owner cannot be located within the state, posts such writing conspicuously upon such improvements.

(b) Upon compliance with the requirements set forth in paragraph (a) of this subsection (2), the treasurer may proceed to collect such taxes pursuant to the provisions of subsection (1) of this section.
