RESOLUTION 2024 BCC 40

A RESOLUTION APPROVING THE MORGAN COUNTY RIGHT-OF-WAY REGULATIONS CONCERNING WORK AND USE OF COUNTY RIGHTS-OF-WAY

WHEREAS, the Board of County Commissioners of Morgan County, Colorado are authorized under Colorado law to control the use of and work within County rights-of-way, including but not limited to C.R.S. §§ 30-11-107(1)(h), 30-15-401(1)(h), 42-4-110(1), 42-4-111(1)(g),(y) and 43-2-111(1),(6); and

WHEREAS, the Board desires to adopt right-of-way regulations to provide for an application process for and restrictions on work and occupation of County rights-of-way and finds that these regulations are in the best interest of the citizens of Morgan County.

NOW THEREFORE BE IT RESOLVED BY THE MORGAN COUNTY BOARD OF COUNTY COMMISSIONERS AS FOLLOWS:

Section 1. The Morgan County Right-of-Way Regulations attached hereto as Exhibit A are hereby approved.

DATED this _____ day of _____, 2024.

MORGAN COUNTY RIGHT-OF-WAY REGULATIONS

I. Applicability

The purpose of these regulations is to govern work in and occupation or use of the County's rights-of-way which have been opened for public use. These regulations do not govern 1) County rights-of-way which are not open for public use or 2) the maintenance of any County right-of-way that has been granted prior approval by the County or has been required by the County through an approved land use permit. Nothing herein shall be deemed to limit or restrict the County's police powers or authority over its rights-of-way.

II. Application

- A. All work and occupation or use of a County right-of-way, subject to these regulations, requires prior application to be made to the Morgan County Road and Bridge Department on the forms provided by the Department. For purposes of these regulations, "work" shall be defined as follows: any labor performed on, or any use or storage of equipment or materials, including, but not limited to, construction of roads and all related appurtenances, fixtures, improvements, driveway openings, traffic signal devices, or laydown piping. It shall also mean construction that requires lane closures or excavation; and installation and repair of all underground structures such as pipes, conduit, culverts, ducts, tunnels, manholes, vaults, buried cable, wire, or any other similar structure located below surface, and installation and maintenance of overhead poles and wires or other facilities or equipment used for any purpose.
- B. All right-of-way applications shall be accompanied by required information and all applicable fees.
- C. Incomplete applications will not be processed and returned to the applicant.
- D. If required by the County, the applicant shall provide a survey of the road and the proposed location of the work or facility to ensure the proposed work or facility is within the County right-of-way.
- E. Depending on the work performed, the County may require the applicant to enter into public improvement agreement to ensure the completion of such work. If the work is being performed to benefit a specific property or use, the County may require the owner of that property to execute the public improvement agreement.
- F. No work shall be performed in the County right-of-way until a permit is issued by the Morgan County Road and Bridge Department.

III. Restrictions

- A. If the application is for facilities to be placed in the right-of-way, the applicant shall be the owner/operator of the facilities to be placed in the County right-of-

way and executed by the owner/operator. If the application is for work only in the right-of-way with installation of facilities, the applicant may be the individual or entity performing the work.

- B. Road cuts are not allowed on paved roads. All crossings of paved roads must either be bored under the road or installed overhead.
- C. Any underground facility, such as a pipeline or cable, shall be buried a minimum of forty-eight (48) inches below the roadway surface or the bar ditch, as applicable.
- D. All facilities and trenches that parallel County rights-of-way must be placed at least three (3) feet from the shoulder of the road. If the desired location is already occupied by an existing facility, the County may require that the proposed facility be relocated.
- E. A minimum of thirty-six (36) inches of horizontal separation shall be maintained between different facilities using the County right-of-way.
- F. The height of overhead facilities is limited to seventy-five (75) feet. The diameter of any poles or width of any other type of facilities is limited to three (3) feet.
- G. The right-of-way and the bar ditch shall be returned to equal or better condition prior to the commencement of the work, including but not limited to revegetation if required by the County. The applicant must supply adequate evidence of the right-of-way and bar ditch condition for both pre- and post-construction. Such evidence must be supplied prior to commencement of any work. Roads and bar ditches must be backfilled with a minimum of ninety-five percent (95%) compaction. Any settling of a trench or cut must be further back filled by the applicant to the County's satisfaction. The applicant will be required to warrant any restoration of the road surface for a period of twelve (12) months.
- H. The applicant specifically waives the right to any damages for injury to the applicant's facilities caused by the County. Any damage to the applicant's facilities caused by normal County maintenance operations, including mowing, grading, and snowplowing in the County right-of-way is the responsibility of the applicant and not that of Morgan County.
- I. The applicant and its contractor, as applicable, must provide proof of general liability insurance with an aggregate limit of one million dollars (\$1,000,000.00) at the time of application. Such insurance must remain in effect during all installation and restoration activities.
- J. The applicant and its contractor, as applicable, upon issuance of the permit, will be required to hold harmless, indemnify, and defend Morgan County, its officials, employees and agents, from any claim of any person arising from the installation, use, maintenance, or removal of the facilities in the County right-of-way.

- K. The County may require the presence of a County inspector, which may be a third-party hired by the County at the County's sole discretion, when installing facilities under, around, or near bridges and culverts. The cost of a County inspector shall be \$50 per inspection.
- L. Installation of facilities must be completed within twelve (12) months of the date of issuance of a permit except for reclamation which must be completed within eighteen (18) months from the date of issuance.
- M. The applicant will be required to provide the Morgan County Information Systems Department with GIS shape files compatible with County mapping within thirty (30) days of completion of installation, unless the applicant and the County have a current map sharing agreement.
- N. The applicant is responsible for ensuring compliance with any applicable easement, covenant, or other private agreement.

IV. Decision on Application

- A. Except as required under applicable law, the County reserves the right, pursuant to its statutory authority and general police powers, in its sole discretion, to fully regulate the use of its rights way and work performed in its rights-of-way, including the denial of any application or the imposition of conditions to ensure the County's interest in its rights-of-way and the public safety and welfare are maintained.
- B. Any request to deviate from the restrictions in these Regulations must be approved by the Board of County Commissioners. The Board may require modifications to any of the restrictions herein, including but not limited to more stringent restrictions or deny a request, if, in the sole discretion of the Board, it is necessary to maintain the public safety and welfare or in the best interests of the citizens of Morgan County.

RESOLUTION 2024 BCC 41

**A RESOLUTION APPROVING AN AMENDED PLAT TO VACATE THE
40 FOOT ACCESS EASEMENT OVER LOT 2 AND THE CUL DE SAC
EASEMENT OVER LOT 3 AS SHOWN ON THE DELANEY MINOR
SUBDIVISION LOCATED IN A PART OF SECTION 11, TOWNSHIP 2
NORTH, RANGE 60 WEST, 6TH P.M. MORGAN COUNTY, COLORADO**

WHEREAS, Heather Haffke (the “Owner”) owns Lot 3, Delaney Minor Subdivision in a part of Section 11, Township 2 North, Range 60 West of the 6th P.M., Morgan County, Colorado (“Property”);

WHEREAS, the Owner has applied for an amended plat to permanently vacate the 40’ access easement over Lot 2 which serves Lot 3 and the cul de sac easement over Lot 3 in the Delaney Minor Subdivision in a part of Section 11, Township 2 North, Range 60 West of the 6th P.M., Morgan County, Colorado; pursuant to the County’s Subdivision Regulations (the “Application”);

WHEREAS, the Board of County Commissioner held a public hearing in accordance with the Morgan County Subdivision Regulations on September 17, 2024 and during the public hearing, the Board received testimony and evidence; and

WHEREAS, the Board desires to approve the amended plat.

NOW THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF MORGAN COUNTY, COLORADO:

1. FINDINGS OF FACT

The Board, having reviewed the application, all information provided, and testimony heard, finds that:

- a. The plat vacation complies with these Subdivision Regulations and the original conditions of approval of the recorded plat.
- b. No nonconforming lots are created, and in the case of existing nonconforming lots, the nonconformity is not increased.
- c. The approval will not adversely affect the public health, safety, and welfare. The utility easement across Lots 1 and 2 for the benefit of Lots 2 and 3 is unaffected by this Resolution.

d. No land is left, by reason of this vacation, without an established public right-of-way or private access easement connecting the land with an established public road. Lot 1 access is off of County Road L and the access easement over Lot 1 for the benefit of Lot 2 is unaffected by this Resolution. Lot 3 will obtain access off of State Highway 52 from the Colorado Department of Transportation.

e. No dedication or intent to dedicate is necessary.

2. APPROVAL

- a. The Board hereby approves vacation of the 40’ access easement over Lot 2 which serves Lot 3 and the cul de sac easement over Lot 3 in the Delaney Minor Subdivision in a part of Section 11, Township 2 North, Range 60 West of the 6th P.M., Morgan County, Colorado
- b. Within thirty (30) days of the date of this Resolution, the Morgan County Planning Department shall assign a new address for Lot 3 to ensure the Property is properly identified for emergency services personnel. That address shall be designated as on State Highway 52.

Dairy: An establishment for the primary production and subsequent sale or distribution of milk or milk products, inclusive of “dairy farm”.

Density: The ratio of the number of dwelling units to gross land area. Dwelling units per acre is a common example.

Detached Building or Structure: Any building or structure having no party wall or common wall with another structure. Bridges, tunnels, and other similar means of connecting one structure to another shall not be considered to constitute a party wall or a common wall.

Development: The construction or substantial improvement on land parcels of buildings or other structures for residential, institutional, commercial, industrial, agricultural, transportation, public flood control, utilities, and recreational and similar uses, in contrast to use of the land for growing crops, truck gardening, grazing farm animals, and other agricultural production pursuits, The term also applies to vacant ground which has been or is being prepared for development by such steps as installation of water and sewer lines, construction or railroad spur or branch tracks, and the construction of railroad utility facilities. Also included are other activities such as mining, lot grading, filling, bridge development and storage of equipment or materials.

Development Permit: A permit issued under the Guidelines and Regulations for Areas and Activities of State Interest adopted by Morgan County as amended from time to time.

Digester: A container in which plant or animal matters are treated with heat, enzymes, or a solvent in order to promote decomposition or exact essential components in anaerobic digestion.

Domestic Pets: Animals kept on lots or in principal uses for the enjoyment of people such as dogs, cats, birds, hamsters, guinea pigs, turtles, and tropical fish.

Driveway: A private vehicular access abutting a public road, for the exclusive use of the owners and occupants of the lot or project and their invitees. A driveway shall not be considered to be a street.

Dwelling Unit: One or more rooms connected together, constituting one separate, independent housekeeping establishment for permanent occupancy by a single family and at least one (1) kitchen, one (1) bathroom and one (1) living area.

Dwelling, Multi-Family: A building situated on one (1) lot and arranged, designed and intended for occupancy in three (3) or more independent dwelling units, each with one kitchen, living area, and bathroom, excluding hotels and motels.

Dwelling, Single-Family: A detached building situated on one (1) lot and arranged, designed and intended for occupancy in no more than one (1) dwelling unit, and which has no more than one (1) primary kitchen and no less than one (1) bathroom.

Dwelling, Two-Family: A building situated on one (1) lot and arranged, designed and intended for occupancy in two independent (2) dwelling units, each with one kitchen, living area, and bathroom.

Easement: A right to use or control the property of another for a designated purpose, such as for access, drainage, utility or service, landscaping, generally established by deed or recorded plat to permit a specific use or control of the land by the public, a corporation, or person.

Emergency Response and Public Safety Facilities: A facility operated by a government entity for the purpose of providing emergency response and protecting public safety. This definition includes fire stations and other fire-fighting facilities, law enforcement buildings, ambulance facilities, and other similar uses.

Encroachment: A placement of a structure, building, part of a building, sign, or fence upon the land or easement of another, or into required setbacks.

Enforcement Action: A property shall be considered under an enforcement action upon the expiration of the time designated in the notice of violation, pursuant to C.R.S. §§ 30-28-124 and 30-28-124.5, to cure the violation, including any extension granted by the Planning Administrator.

Entertainment and Recreational Facilities: Entertainment and recreational facilities are recreational establishments including but not limited to gyms, theaters, arcades, bowling alleys, and other similar facilities. Entertainment and recreational facilities do not include adult entertainment businesses.

Equipment Storage: The storage of operating equipment, vehicles and materials where these items are new or used and sold to the public in operating condition.

Erosion: The detachment and movement of soil or rock fragments by water, wind, ice, and/or gravity.

Event Center: A commercial establishment consisting of structures or premises used to accommodate the assembly of persons for private meetings, parties, weddings, wedding receptions, reunions, birthday and anniversary celebrations, charitable fundraisers, and other such social engagement purpose, or similar such uses. Such use may include the provision of food, beverages, and entertainment. Section 36. Section 4-560 of the Morgan County Zoning Regulations is amended to read as follows:

These regulations shall apply to all wastewater facilities.

Section 37. Section 4-565 of the Morgan County Zoning Regulations is amended to read as follows:

- (A) All wastewater facilities shall be set back a minimum distance of three hundred and fifty feet (350') from any residence or one hundred and fifty feet (150') from the property line, whichever is greater.
- (B) Any wastewater facility shall be set back from domestic water wells one hundred and fifty feet (150').
- (C) The Board of County Commissioners may require the distances in subparagraphs (A) and (B) above to be reduced or expanded depending upon local site conditions, such as communicability between surface waters and aquifers or whether the system is lined with impermeable materials, or if the system is sealed from the atmosphere.

Section 38. Section 4-570 of the Morgan County Zoning Regulations is amended to read as follows:

Subject to Federal discharge permit requirements, the county retains continuing jurisdiction over wastewater facilities. Any change or amendment to operating procedures, waste acceptance policies, staffing requirements, emergency response procedures, waste handling or storage procedures or other matters considered in the original application of any expansion or addition to the existing approved facility or capabilities of the wastewater facility will necessitate further review and approval by the county. The county may require periodic inspection or site audits by staff or consultants to assure continuing compliance with the operating plan approved by the county. The facility operator will reimburse the county for all costs it incurs in the administration of continuing jurisdiction. Failure to do so will result in the revocation of the special use permit. The county retains the authority for county personnel, or agents, to inspect the property at any reasonable time.

Section 39. Section 4-575 of the Morgan County Zoning Regulations are amended to read as follows:

The provisions and regulations of this Section shall apply to the location and extension, use, and maintenance of all manufactured home parks. It shall be unlawful for any person to locate a manufactured home park within the unincorporated area of Morgan County except in compliance with these applicable standards.

Section 40. Sections 4-760, 4-780, 4-800 and 4-805 of the Morgan County Zoning Regulations are deleted in their entirety.

Section 41. The definition of Public Utility in section 4-815 of the Morgan County Zoning Regulations is amended to read as follows:

Public Utility: An entity as defined in these Zoning Regulations.

Section 42. The definition of Public Utility in section 4-890 of the Morgan County Zoning Regulations is amended to read as follows:

Public Utility: An entity as defined in these Zoning Regulations.
