Landowner MUST Sign Application

Landowner agrees to contract the project in accordance to the plans and specifications submitted herewith and in strict compliance with the provisions of the Morgan County Zoning Regulations and the Morgan County Building Code. Buildings MUST conform to the submitted and approved plans. Any changes of plans or layout must be approved prior to the changes being made.

Any change in the use or occupancy MUST be approved PRIOR to commencement of construction.

The applicant, his agents and employees of, shall comply with all the rules, regulations and requirements of the County Zoning Regulations and Building Codes governing all aspects of the above proposed work for which the permit is granted. The County or its agents are authorized to order the immediate cessation of construction, at any time, if a violation of the codes or regulations appears to have occurred. Issuance of a building or zoning permit does not guarantee your project is in compliance with covenants that may be in place on your property.

Construction not commenced within 180 days of permit issuance voids this permit. Cessation of work for periods of 180 continuous days shall also void this permit, unless an extension is requested. Morgan County and any of its contractors are not liable for workmanship. Permits are NOT transferable.

Signing this application gives the Building Inspector and/or his agent express permission to enter permitted property for the purpose of conducting inspections as required by Morgan County Zoning Regulations and Morgan County Building Code.

Failure to comply with inspections may result in additional fees and/or denial of a Morgan County Contractor's license.

Applications completed for properties not current in their property taxes will not be accepted. 6-130

Violation of any of the codes and applicable regulations may result in the revocation of this permit.

MORGAN COUNTY RIGHT TO FARM POLICY

Morgan County is one of the most productive agricultural counties in Colorado. Ranching, farming, animal feeding, and all agricultural activities and operations in Morgan County are integral and necessary elements of the continued vitality of the County's economy, culture, landscape, and lifestyle. Over 70% of the County's acreage is devoted to farming and raising livestock with over 700 farms. The agricultural products produced by those farms create millions of dollars of market value. Morgan County recognizes the importance of agricultural operations as necessary and worthy of recognition and protection and supports policies to maintain the high-quality rural character of the County.

Living in Morgan County requires residents to accept the effects of agriculture and rural living as part of daily life. Agricultural users of the land are not expected to change their long-established agricultural practices to accommodate the intrusions of residential activities into a rural area. These effects may include noise from tractors, equipment, and aerial spraying at any time; dust from animal pens, field work, harvesting, and use of gravel roads; odor from confinement animal feeding operations, silage and manure; smoke from ditch burning; flies and mosquitoes; the use of pesticides and fertilizers; and movement of livestock or machinery on public roads. Under Colorado law, these activities are not considered nuisances and are protected.

Residents must also accept that public services in rural areas are different than urban or suburban areas. Specifically, regular road maintenance may be less available and may be at a lower level. In certain circumstances, the standard for maintenance may be determined on whether the road is passable and usable and not whether the road surface is rough. County gravel roads, no matter how often they are maintained, will not provide the same kind of surface expected from a paved road and will not support travel at the recommended speed. Further, the County may permit certain road maintenance activities by agricultural producers or other industries to allow those commercial activities to continue when County resources are unavailable due to other road issues or events. The County considers these activities to be integral to the protection of agricultural operations in Morgan County.

In addition, in Morgan County, utility services may be nonexistent or subject to interruption; law enforcement, fire protection and ambulance service will have considerably longer response times; and snow may not be removed from County roads for several days after a major snowstorm. The County prioritizes snow removal as it deems necessary.

People are exposed to different hazards in a rural setting than they are in an urban or suburban area. Farms, ponds, irrigation ditches, electrical service to pumps and oil field equipment and operations, noxious weeds, livestock, and territorial animals may present real threats to people. It is necessary that all activities are supervised for both the protection of the people and protection of agricultural activities and owners may need to fence property to ensure a safe environment.

All County residents are encouraged to learn about their rights and responsibilities and to act as good neighbors and citizens of Morgan County. This includes but is not limited to obligations under Colorado State law, including but not limited to, the Colorado Fence and Right to Farm laws, and Morgan County Zoning Regulations regarding maintenance of fences, controlling weeds, and keeping animals under control. Residents are responsible for understanding and accepting the implications of living in a rural agricultural area.

Information regarding these topics may be obtained from the Morgan County Extension Office and Planning and Zoning Department.

RECEIPT AND STATEMENT OF UNDERSTANDING

I hereby certify that I have read and understood the Morgan County Right to Farm Policy. I further state that I am aware and acknowledge that the conditions of living in a rural area, primarily used for agricultural production, and that I understand these activities are protected under Colorado law and are not considered a nuisance.

Application for Driveway Access Permit

Morgan County, Colorado

Terms and Conditions

- 1. The granting of this permit application is for one (1) property access across the county right of way onto a county road. The access must not exceed the approved width defined on the approved permit. Additional accesses crossing the right of way must be applied for separately.
- 2. If this access is to be onto an access/travelling easement, then a copy of the easement, recorded plat or use agreement must accompany this application.
- 3. The granting of a driveway access permit by Morgan County is only for the purpose of crossing the right of way under the counties jurisdiction. It is the permittee's responsibility to identify and obtain permissions to cross any other easements, covenants, right of ways or private agreements that may exist.
- 4. If the access request is onto any Federal or State lands, you must provide the names and contact information for the relevant agencies and attach a copy of the authorization for the property use.
- 5. All property owners/agents are responsible for any damages that may occur to the county road or right of way during installation of said driveway.
- 6. The construction and all costs associated with the construction of the driveway are the responsibility of the property owner/agent. The construction cannot exceed the defined width and must include any specified culverts required as defined in the approved permit. Culverts may be purchased from anywhere, however they must be approved by the county prior to installation. Culverts may also be purchased from Morgan County Road and Bridge.
- 7. If a culvert is required, it is for use by Morgan County to protect the road and right of way. Morgan County retains the right to utilize the culvert in any way it deems necessary.
- 8. If a culvert is not required at the time of permit issuance, however, in the future a culvert is deemed necessary, the cost of said culvert may be at the property owner's expense.
- 9. Inside the county right of way, the driveway may only consist of the travelling surface to access the property. No other structures or appurtenances may be placed in the right of way (examples: columns, walls, fencing, large rocks, etc.). The only exception to this requirement is mailboxes.
- 10. During the construction of an approved driveway, it is the responsibility of the property owner/agent and/or their contractor to insure safety to the travelling public. This could include the use of signs, cones and/or traffic control as necessary.
- 11. All repairs, maintenance and costs associated with said driveway are the responsibility of the property owner/agent.
- 12. Morgan County is not responsible for any damages to the driveway caused by normal maintenance operations, including but not limited to mowing, grading, and snowplowing.
- 13. The property owner/agent agrees to hold harmless, indemnify, and defend Morgan County from any claim of any person arising from the installation, use, maintenance, or removal of the driveway in the county right of way.
- 14. The terms, conditions and requirements defined in this application and subsequent approved permit will remain valid through any future sales, transfer of ownership or assignments of the property defined in this driveway application.
